Penetrating Lubricant for Seized Bolts, Nuts and Mechanisms

Penetrating lubricant for freeing bolts, nuts, chains, locks and hinges. Synthetic lubricant with penetrating action that loosens seized parts and helps remove rust and scale. It leaves a protective film against corrosion, repels water, displaces moisture and reduces squeaking. 360° valve and metal straw for hard-to-reach points.

Key Advantages:

- Loosens seized parts and helps remove rust and scale
- Protective film against further corrosion
- Repels water and displaces moisture
- Reduces squeaking of metal and plastic parts
- 360° valve and metal straw for precise application

AVAILABLE PACKING

400 ml
