SILICONE SPRAY

Silicone Lubricant for Rubber and Plastic Parts

Lubricates and protects rubber and plastic surfaces in maintenance work. Silicone-based; it protects against moisture, drying out and cracking, reduces squeaks and wear and helps keep out water and moisture. An alternative to petroleum lubricants for the applications on the label. 360° spray.

Key Advantages:

- Protects rubber and plastic against moisture, drying out and cracking
- Reduces squeaks and wear
- Helps keep out water and moisture
- Alternative to petroleum-based lubricants for the listed uses
- 360° spray
