SILICONE SPRAY

Long-Lasting Spray Grease for Moving and Loaded Parts

Lubricant for long-lasting lubrication and protection of moving parts and mechanisms. High-performance lubricant for moving and loaded components that reduces wear and seizing caused by oxidation and friction. It repels water and stays stable under temperature changes and stress. The label states a range from -18 to +145 °C and operation under high pressure. 360° spray.

Key Advantages:

- Long-lasting lubrication of moving and loaded parts
- Reduces wear and seizing from oxidation and friction
- Repels water and stays stable under temperature changes
- Range from -18 to +145 °C and high pressure, as stated on the label
- 360° spray
